The City of Portales and Roosevelt County, in coordination with the Town of Elida, Villages of: Causey, Dora, and Floyd, are updating the Roosevelt County Hazard Mitigation Action Plan (HMAP or Plan). The Plan will address hazards that affect the area. The goal of the Plan is to minimize or eliminate the long-term risk to human life and property from known hazards through effective mitigation.

The City of Portales and Roosevelt County will hold public meetings to gather public input for developing the HMAP. The purpose of the public meeting is to provide a project overview from H2O Partners, Inc., consultant, to the project, and solicit information from citizens. Public input will help the planning team analyze potential hazards affecting residents and recommend possible actions to reduce their impact.
